

DATE: May 27, 2015

AGENDA ITEM # 4

TO: Bicycle/Pedestrian Advisory Commission

FROM: Cedric Novenario, Staff Liaison

SUBJECT: Bicycle and Pedestrian Education

RECOMMENDATION:

Receive an oral report from the bicycle and pedestrian education subcommittee

BACKGROUND

The BPAC added as part of their Community Outreach goal, an education project for the 2015/16 commission year.

With the near completion of the Pedestrian Master Plan, updated Suggested Routes to School Maps and existing Bicycle Transportation Plan, educating users of these facilities is the next step in creating and maintaining a safe non-motorized transportation network. At the April 28, 2014 meeting, the BPAC formed a subcommittee consisting of Commissioners Ambiel, Brinsfield, and Fenton to begin exploring bike and pedestrian education efforts.

DISCUSSION

The subcommittee will provide an oral report regarding their meeting on May 20, 2015.
